

# PINE MEADOW RANCH OWNERS ASSOCIATION

## 2008 ELECTION

### CANDIDATE STATEMENTS

#### VICE PRESIDENT

**DAN HEATH:** I moved from the Holladay, Utah, area to Tollgate Canyon in 2000. In that time I've been a volunteer in the fire prevention campaigns, and a trained member of CERT (Community Emergency Response Team) and helped obtain the first fire grant money for our canyon. In addition to serving as a Trustee on the board of the Pine Meadow Mutual Water Company, I've served both as an area representative and Vice President of the Homeowners Association for the past 3 years. I'm seeking a second term as the incumbent vice president with the goal of continuing our work with the county for a more equitable way to take care of the main roads. I want our homeowner dues to be used within our subdivision, with the expressed goal of better, safer, ranch roads.

#### AREA 1 REPRESENTATIVE

**SCOT ERICKSON:** I have been the Area 1 representative for the past 3 years. I believe that the Pine Meadows-Forest Meadows area is a unique and beautiful place to live or visit. I think that there can be a balance between safe and functional roads and the wild scenic area we all enjoy. As Area 1 Representative I will work to improve Forest Meadows road as a usable alternate exit. I will also make it a priority to improve some of the worst roads in Forest Meadows. Bull Moose and Forgotten Lane are two of the worst roads in the ranch. I believe that with proper focus and planning we can have responsible growth and maintain our rustic mountain environment. Please feel free to contact me with any questions.

#### AREA 7 REPRESENTATIVE

**AMY JACKSON:** Joe and I bought our property high up in I-plat (PI-I-21) over a year ago and we love it. We also love being a part of the Pine Meadows Ranch community. Those sentiments explain why I am interested in serving as our Area 7 representative. I love the forest and the animals which frequent our property. (so we've heard . . . we haven't spotted any as of yet!) Maybe when we build we will discover their hide-outs. We come up on weekends when we can and plan to build our cabin if and when the economy ever settles down. I am interested in getting to know as many property owners in our area as I can and in hearing your ideas. I'm open to all your good ideas and want to help bring the community together.

I agree that certain parts of the roads need attention and want to continue the discussion on the best way to achieve improvements. Fee increases, when necessary, should be fair and evenly distributed. The increasing traffic and more reported incidents of vandalism are a concern. Joe and I come up here to get away from these kinds of problems and to enjoy the beauty and solitude that Pine Meadows has to offer. And, of course, we want to keep the animals plentiful, safe, and happy.

As far as my professional life, I have been an Assistant Attorney General since 1994 and a violin substitute with the Utah Symphony since, well, forever. I have three beautiful step-daughters and a fabulous husband.
