

Dear Neighbors,

I want to thank you for the honor of being the HOA president for nearly two years. It has been a wild ride and quite a learning experience. Thank you to those who have been kind and supportive, in addition to our amazing board members, past and present. I wouldn't have been able to endure without you.

For those who have been unhappy with my tenure, I urge you to take a role on the board as an elected member or serve on a committee. I am sure you will be thrilled to hear that I am stepping down as president, effective September 1. Owners can run for the remainder of my term (1 year) in the election this fall. In the interim, the board will nominate a president to fill my role until January. Please note, the role of the board is to ensure safety and enforce the CCRs, rules, and architectural guidelines. Because of this, sometimes the board isn't very popular, and sometimes you need a thick skin to survive. I hope that whoever takes on this challenge, they are committed to protecting this beautiful, rugged, and special place we all love.

Best,
Pamela
